Work Experience

Techverce World. *Remote*

Flutter Developer *Jul 2023 - Current*

- Engineered a location tracking service in Rust, achieving a 30% reduction in API latency and enhancing overall performance.
- Implemented the application UI and developed reusable custom widgets to speed up application development
- Created a custom widgets library and integrated into the application for common UI widgets, providing proper documentation on how to use them
- Integrated third-party libraries to interact with the back-end API
- Integrated animations for the application UI and widgets
- Integrated custom common login feature
- Designed dynamic and complex functionality and developed the application using the BLOC design pattern
- Handling of widgets state properly to work with background data updates
- Implemented functionality using best practices and Flutter dev community guidelines

Appshcedio Corp. *Remote*

Software Developer *May 2021 - May 2023*

- Worked Understanding of complex solutions, programming technologies, and design patternsof the SOS feature, including the implementation of contact fetching and storage functionalities for emergency scenarios.
- Experienced in Flutter development
- Experienced in customer communication and technical assistance
- Understands mobile specifics of UWP
- Communicative and responsible
- Technical interview experience

Projects

GenericPlus *Flutter*

Realtime Medicine Order App *Github*

- Crafted a application with Flutter to facilitate the order medicines.
- Implemented static site generation for accelerated load times and increased efficiency.
- Api Integretion use for user authentication and data storage, alongside SWR for efficient data fetching.

Ngo App *Flutter, Java*

Animal Care, Food Order App *Github*

- I created an app that provides information about the animals for which I care, as well as the ability to order food clothing and other items through this app.

Technical Skills

Strongest Areas	Flutter, Api Integration
Programming Languages	Flutter
Libraries/Frameworks	Git, Node.js
Database	MongoDB, Firebase
Platforms	AWS

Education

SCSMCOE *Ahmednagar, India*

BE in Computer Engineering *June. 2017 - May. 2020*

- 8.04/10
